MONDAY 7 DECEMBER · ONLINE · FREE INVESTOR SEAT

Meet pre-screened founders, *on your terms.*

Caelora Community is a curated, global ecosystem for entrepreneurs: not just a room, an environment where founders, builders and investors help each other and grow together. Lightning Call #1 is our first online session, and your seat is free after approval.

Free	20	5	48 h
investor seat, after approval	founder pitches, 60 seconds each	finalists take investor questions	follow-up call with every investor who is interested

Why attend as an investor.

1 Twenty founders, one session

Each founder pitches live for 60 seconds. You see a wide field in about 2.5 hours, and you stay for as long as you like.

2 Pre-screened, not open

Every application is reviewed by a person on our team, and pitch slots are chosen by us. The founders in the room have been approved.

3 You stay in control

Opt-in only: nothing about you is shared without your consent. No cold pitching: introductions come from us, not from message requests.

4 Ask the questions that matter

The top 5 finalists face investor questions in the Final Pitch. You see how they handle real questions, not only how they pitch.

5 Follow up fast, only where you are interested

If you want to know more about a finalist, we arrange a follow-up call within 48 hours. If not, there is nothing to do.

6 Meet the people around the founders

Industry rooms and open networking with curated entrepreneurs and builders from across the globe. You are marked as "Investor in the room".

> *Once approved, you join as a member of Caelora Community, a global ecosystem of entrepreneurs.*

"As a Founder, I have attended numerous networking events, but I have observed that very few of them are specifically tailored for Founders and investors."

PRASAD REDDY · FOUNDER & CEO, CAELORA

First edition. This is Lightning Call #1. We would rather say so plainly than overpromise: you would be among the first investors in the room, and we welcome your feedback for the next one. Our first Gathering was held in Dubai on 29 September 2026. We grow city by city, and members can join from anywhere.
